

2019 Cornell Undergraduate Experience Survey

The Cornell Undergraduate Experience (CUE) Survey (formerly known as the PULSE survey) asks currently enrolled undergraduate students about their involvement in various academic and extracurricular activities, their interactions with faculty and students, and their perceptions of their undergraduate experience.

The 2019 CUE Survey was administered via the web in spring 2019. Of the 10,894 students invited to complete the survey, a total of 3,857 students responded, yielding a 35% response rate.

The results of the 2019 CUE Survey are displayed in the tables that follow. It may be most useful to refer to the survey instrument first in order to locate questions of interest.

On the first line of each table, the responses for the applicable question on the survey are presented for Cornell undergraduate students as a whole compared to students at other Ivies and other research universities. Survey responses for Cornell are then broken out by students' class, gender identity¹, race/ethnicity², and undergraduate college.

¹ Based on a CUE Survey question asking students "Which of the following best describes your gender identity? Mark all that apply." The gender identity category "Another gender identity" includes students who selected any of the following response options: agender, androgyne, demigender, genderqueer or gender fluid, questioning or unsure, trans man, trans woman, other gender identity.

² "Multiracial URM (U.S.)" includes students who reported multiple races/ethnicities including one or more of the following: American Indian/Alaska Native, Black/African American, or Native Hawaiian/Pacific Islander. "Multiracial Non-URM (U.S.)" includes students who reported their race/ethnicity as White and Asian. "International" includes non-U.S. students of any race or ethnicity.

		Overall, how satisfied have you been with your undergraduate education so far?

Think back over the last two weeks.

For men: on how many occasions, if any, have you had five or more alcoholic drinks?

For women: on how many occasions, if any, have you had four or more alcoholic drinks?
